Legal Disclaimer

The information contained herein is property of Petrolera Aconcagua Energía S.A. ("**Aconcagua**"), and its content may not be modified, transmitted, copied and/or distributed without the express consent of Aconcagua.

This information is for illustrative purposes only. Consequently, Aconcagua makes no representation or warranty as to the truthfulness, completeness and/or accuracy of the information on which this information is based. All opinions and estimates expressed herein are subject to change without notice. The information contained in Aconcagua's proprietary documents should be considered in the context of the circumstances prevailing at the time, and it is expressly stated that it will not be updated to reflect subsequent events.

The content of this document does not constitute investment advice or an invitation to operate with marketable securities. Any person interested in analyzing and, if applicable, acquiring marketable securities issued by Aconcagua, should consult the information contained in their respective prospectuses and price supplements. The information contained herein has been prepared exclusively for the Republic of Argentina and should not be construed as being intended for any other jurisdiction or territory. Certain statements contained in Aconcagua's proprietary documents constitute forward-looking statements that involve known and unknown risks, uncertainties and other factors beyond the control and responsibility of Aconcagua. There can be no assurance that the results and events contemplated by the forward-looking statements will actually occur. Forward-looking statements are based on assumptions about current and future business strategies and the environment in which Aconcagua operates and in no way constitute guarantees of future performance.

The recipient should rely solely on its own investigation, evaluation and independent judgment in making a decision regarding an investment in marketable securities issued by Aconcagua.

Who we are?

We are an integrated energy group with 100% Argentine capital which:

Produces oil & gas

Supplies services to the industry

Generate energy

We have more than 730 direct employees and more than 2,000 indirect employees who work daily in the companies of the group, which today consists of: Petrolera Aconcagua Energía, Aconcagua Energía Servicios and Aconcagua Energía Generación.

In less than 10 years we became the 6th largest conventional oil producer and 10th in the global ranking in Argentina.

Key Milestones

Constitution of Aconcagua Energía

Founders & Management team

Diego S. Trabucco

PRESIDENT & CEO
ACONCAGUA ENERGÍA GROUP
